

## SOVEREIGN REALM OF THE FINAL FRONTIER (SRFF)

*Recognition & Diplomatic Engagement Ledger*

**Established: July 2025**

**Maintained by:** The Office of the Crown and Foreign Affairs

This ledger serves as the official public record of all diplomatic outreach, treaty invitations, and international recognitions sought or received by the Sovereign Realm of the Final Frontier (SRFF). It operates as a live demonstration of sovereign conduct, lawful correspondence, and the exercise of international legal personality under customary law, ecclesiastical jurisdiction, and treaty protocols.

In accordance with international legal doctrine — including the principles set forth in the Vienna Convention on the Law of Treaties (1969), the Montevideo Convention on the Rights and Duties of States (1933), and under customary law — **non-response or failure to contest a properly issued sovereign declaration constitutes tacit acknowledgment**. Silence does not negate lawful notice.

### III. Recognition Ledger Guidance

- “Pending” indicates lawful notice has been issued and response is awaited.
- “Rejected” indicates delivery failure or email bounce.
- “Acknowledged” or “Engaged” will be used to note official responses.
- “Recognized (Implicit)” may be recorded if notice was served with no objection.
- Archive links (Perma.cc, Archive.org) may be added to verify public filing.

**Notice:** Under international legal standards, *failure to respond to official sovereign notice does not nullify its standing or effect*. In many jurisdictions, such silence constitutes tacit recognition through acquiescence or non-objection. This ledger is permanent, immutable by foreign interference, and forms part of SRFF’s sovereign diplomatic record.

Respectfully submitted,

**King Rickey I**
